

Dr. Michael Krone
Mirjam Figaschewski
Marco Schäfer
Zentrum für Bioinformatik
Fachbereich Informatik
Mathematisch-Naturwissenschaftliche Fakultät

Visualisation of Biological Data.

Assignment 0

WS 18/19

Due: 22nd October 2018, 12 pm

Share your favorite visualization

For the tutorial bring your laptop, if possible and (that is a task!) your "favorite visualisation". It can either be one that you produced yourself or that was part of your (bachelor) thesis for example or that you found in a publication. You can be creative here.
